

The **natural resources** of Canada that are harvested/extracted from this land every year is **sufficient to pay for** our government, judicial system, police, firefighters, hospitals and ALL health care and medications, roads, etc..... absolutely **ALL services we could possibly want**

AND

Put a *BIG FAT CHEQUE* in the hands of Every Canadian every month.

To add insult to injury (*the fact that we do not receive and never have received that big fat cheque*) we are paying income tax, sales tax, fees licenses, permits, tickets, fines and property tax **we should never have to pay.**

WHERE IS ALL THE MONEY GOING?

It goes to the elite What we call 'The International Banking Cartel' or 'Banksters', for short. No, not your local Bank Manager.

We are not free as we are told. We and our government are subject to the whims and wishes of these banksters.

WHO OWNS THE NATURAL RESOURCES?

The International Covenant on Economic, Social and Cultural Rights provides that answer. In Part 1, Article 1, Section 2 it states that "*All peoples may, for their own ends, freely dispose of their natural wealth and resources In no case may a people be deprived of its own means of subsistence.*"

WHO OWNS OUR LABOUR?

The International Covenant on Civil and Political Rights provides that answer. Article 8 states that "*1. No one shall be held in slavery; slavery and the slave-trade in all their forms shall be prohibited. 2. No one shall be held in servitude.*" It is clear that if we are required, without our consent, to turn over a portion of our labour in the form of income tax, we are either being held in slavery or at least in servitude. These two Covenants were ratified by Canada (made legally binding on Canada) in 1976.

ALL OUR PROBLEMS CAN BE RESOLVED WITH THE CHANGING OF ONE LAW!

The law that must be changed is the law (or license) that gives the private 'Banksters' the power to create our money supply and control our credit and return that power to where it constitutionally belongs, in the hands of our government.

Think about all the problems you experience or you observe in this country. If you analyze each problem carefully, you will likely find that lack of money is at the root of the problem. Then, understand that what it takes to resolve them ALL, is to have our government create our money supply free of charge for the benefit of the people. IT IS THROUGH THE 'BANKSTERS' CONTROL OF OUR MONEY THAT THEY ARE ABLE TO STEAL THE VALUE OF OUR NATURAL RESOURCES, OUR LABOUR AND OUR FREEDOM AND HAVE MADE OUR GOVERNMENT THEIR SERVANT!

As strange as it may seem we have to take the government, among others, to court to

rescue our government and ourselves from the control of the 'banksters' in order to live the life of freedom and abundance that is our right.

We can proceed without you, BUT, it is possible that we will be dealt with as what is referred to as "A Special Interest Group", particularly if our numbers are considered small enough. Others have achieved for themselves what we want to achieve for all but were dealt with as a 'special interest person or group' who had to sign non-disclosure agreements thereby 'shutting the door' to other Canadians. If they consider our numbers too large to deal with us as a 'special interest group', we will succeed in achieving permanent change for the benefit of all Canadians. That is our goal, but we need your help. We need YOU to step up to the plate and become a Plaintiff in our legal actions. It is as simple as signing an Affidavit that you understand what you are requesting. Our legal team will take it from there. You don't even have to go to court.

Can you see that nothing will ever change for the better until we put the natural order as per our Constitution back in place?

Can you see that all the protests, petitions, elections, letters or talking to MP's and Provincial Representatives can only produce isolated and minimal results because we have unwittingly relinquished our power?

We are at the bottom of the heap. All we can do is complain and beg.
